VACANCY

Volunteer: Experienced polyculture gardener

Camp Virsoleil is looking for a dedicated volunteer with gardening experience. Permaculture, organic, and/or biodynamic experience is a plus.

WHAT THE POSITION INVOLVES

- Assisting in garden food forest design and implementation
- Assisting with stone barn renovation and greenhouse construction
- Preparing for and providing host support for their first Body, Heart and Soil retreat from 9 - 16 April

ABOUT CAMP VIRSOLEIL

The Camp is in its second year of restoring a 500-year-old Polyculture Farm. The focus this Spring is to install a food forest, fruit trees, 200 lavender plants, and continue to expand the camp’s infrastructure to better accommodate ERC camps and educational group activities.

Skills desired

A strong desire to enjoy a meaningful experience in a quiet rural farm setting and work in harmony with nature. Ideally some spoken French and English and an interest in restoring stone and timber frame buildings.

If you have explored https://ecosystemrestorationcamps.org/camp-virsoleil/ and www.Virsoleil.org, as well as the Virsoleil YouTube channel, and are excited to contribute a minimum of 30 hours a week of your energy, physical labour, and knowledge to this camp while continuing to learn and grow, then this opportunity may be just for you!
WHAT CAMP VIRSOLEIL OFFERS

- Use of a natural swimming pool, composting toilet and outdoor hot showers
- Use of the shop and tools
- Access to an extensive library and internet
- Free time for exploring local walking trails and visiting medieval cities and farmers' market
- Participation in the Spring "Body Heart and Soil" restoration camp
- For the right person, Camp Virsoleil may offer the position of long-term team member/partner with a share in revenue from farm products and camp experiences

A truly exciting and fulfilling experience awaits!

HOW TO APPLY
